FRIDAY, JULY 8, 1898.

These are heroic days:

Sampson blew the cork out of Cervera's bottle.

Wonder if Spanish honor has been vindicated?

Sampson was roaring like a million lions over at Santiago the other day.

Wm. K. Carlisle, son of John G. Carlisle, died in New York Monday.

The Arkansas Republicans have nominated H. F. Autebsten for Governor.

Dewey set Sampson a good example and the strong man knew how to "follow copy."

Roosevelt writes for the periodicals sometimes. He is spending his summer vacation in Cuba.

They say Greenland whales weigh 100 tons. Sampson must have had a few in his guns.

Victor Hugo used to say, "Diamonds are found in the bowels of the earth." One might find some Spaniards there, too.

A statement issued by the Government on June 30 says that up to date the expenses of the war have amounted to \$60,000,000.

Linares says he will burn Santiago rather than surrender it. Those shells from Sampson will save him the trouble.

That was a heroic death of Captain Gridley's. Just a short time before the end he said, "The battle of Manila killed me, but I would do it again." There are thousands more just like him!

The tenth annual session of the Kentucky Chautauqua opened in Lexington last week. Miss Eliza, both Kinkaid, the novelist, made her first appearance in the lecture field before that learned assembly. Gov. Taylor lectured on the 4th.

On account of the strike among Chicago's stereotypers, no newspapers were published in the Windy City on last Saturday. The Chicago people missed reading a great many columns of the "yellow journal" class.

Hon. Boston McMillin was nominated for Governor of Tennessee by the convention held in Chattanooga on June 29. The platform endorsed the Chicago platform, and demands the free coinage of silver at a ratio of 16 to 1. He was nominated by acclamation.

Miss Harriet Richardson, of Lexington, who persistently pressed her claim to christen the battleship Kentucky, was married last week to T. Andy Ellis at Louisville. Miss Richardson is a poet by trade as well as a journalist by profession; and out forth the justness of Miss Richardson's claim in some very heroic verses.

Doctors Say;
Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels. The liver is the great "driving wheel" in the mechanism of man, and when it is out of order, the whole system becomes deranged and disease is the result.

HOBSON

Will be Exchanged by Spanish Government.

The following dispatch from General Shafter has been received by this Government:
"Camp near Santiago, July 5.—I am in receipt of a letter from Gen. Shafter agreeing to exchange Hobson and men here. To make exchange in morning. Yesterday he refused my proposal of exchange. SHAFER, Maj. Gen."

TRUCE

Used by Americans and Spaniards to Strengthen Forts.

Kingston, Jamaica, July 6 (1:10 p. m.)—General Toral, who is in command of the Spanish forces in Santiago de Cuba, Vice General Linares, who is wounded in the arm, has not replied to Gen. Shafter's second demand for the surrender of the city.

About 2,500 refugees, mostly French people have gone to Caney, and others have gone to Moran and St. Louis.

The exodus of the refugees is permitted by Gen. Toral, which is taken to mean that he has no intention of surrendering. The foreign Consuls have probably all gone, as no response could be obtained from them in answer to a flag of truce at noon today.

Gen. Shafter this morning sent some wounded Spanish officers and men, under a flag of truce, into Santiago, and it is hoped this will have a good effect in showing that Americans are kind to their prisoners.

Cervera: "I tell you that man Sampson is a terrible watchdog." People said the beach was on fire. But the feel was on the beach.

Sampson pulled the pillars from under Cervera's fleet. And great was the fall thereof!

From all appearances Russia, Germany and France are spilling for a row. Just wait till they hear the roar of the British lion and the scream of the American eagle!

The Confederate Veterans, who were so royally entertained in Nashville last year, and who will be entertained by Atlanta this month, will probably hold their 1898 reunion at Louisville.

Those seven German warships at Manila failed to "overawe" the great Dewey. They say the water is pretty deep over there, and the Germans have doubtless heard that Dewey would rather "spring a leak" than eat a big fat hen for breakfast.

Admiral Cervera gave Blanco a dolorous reply upon being ordered away from Santiago. "My guns are dismounted, I am without fuel and Sampson is outside." Maybe he had dreamed of Sampson's jawbone the night before.

President Gaines, in his annual address before the Kentucky Press Association at Mackinac Island, grew eloquent when a vision of the Big Bear State passed before him: "The rock ribbed East embraces in love and affection the beautiful valleys of the South, and together they proclaim our greatness. Kentucky has been the theme of the poet and the inspiration of the orator, and will forever remain the synonym for gallantry and beauty. Thrice bless her." Probably Editor Stuart, of Elizabethtown, was in better condition to appreciate the phrase "love and affection" than any of his brethren. Cupid bombarded him and he surrendered after a two days' attack.

Champion Shot of the World.

Miss Annie Oakley writes: "Myself and many of the Buffalo Bill Wild West Company have given Allen's Foot-Ease, the powder to shake into the shoes, a most thorough trial, and it does all, if not more than you claim." Instantly the sting of the corns and bunions is gone. Allen's Foot-Ease is a certain cure for hot, aching, swelling or nervous feet. Sold by all druggists and shoe stores, 25c. Samples sent free. Address Allen S. Olmsted, Le Roy, N. Y.

PAINTSVILLE.

Thomas Salyer, a good citizen of this county, who resided near Redbank, died of fever July 1. He was 50 years old.

Capt. T. D. Marcan, of Catlettsburg, was on our streets one day this week.

Jas. Moore, of Lawrence county, visited his brother, Rev. H. K. Moore last week.

Mrs. Ben Wheeler, of Flat Gap, is visiting her sister, Mrs. G. V. Daniel.

Mrs. Daniels, the mother of G. V. Daniels is here.

Poe Harris, of Whitehouse spent the 4th here.

The boys who went from here to Louisa to play baseball have returned.

The boys who went to Chickamauga are well satisfied.

Miss Nellie Brown, aged 16 years, her young friends a birthday party on the 4th. They served ice cream and cake and were as happy as little folks could be.

Ralph Talbot went to East Point on the 5th.

The new woman holds the purse-strings, and a case in point was furnished by a marriage at the Courthouse this week. The groom procured the license and the bride produced her purse and paid for it. When Judge Evans pronounced the beautiful ceremony which united these two loving hearts, the groom was visibly affected, but came only to the front and said: "My dear, you owe the gentleman something," whereupon the bride again consulted the purse and drew forth a substantial token of her gratitude and appreciation, and bestowed it upon the Judge.—Ex.

In at least one particular Dr. Dewey's opinion is away off. M. Hanotaux is not the one man who prevents the bitterness of the French against America from taking acute form. It is their knowledge of the fact that Uncle Sam has more than 12,000,000 men subject to military service that prevents the impulsive Frenchmen from acting as they feel and talk about the matter.

ADAMS.

Awakening from a deep reverie on the prosecution of the editor and correspondents, I have come to the conclusion that it would be as impossible to keep some people from giving voice to their tongues, even if the truth appears at all times, as to use an expression of the late Secretary Robinson a cat to get out of hell without claws.

Monroe Adams made a trip to Ben Kline's recently.

Minnie Carter is paying her grandparents at this place a visit at present.

Mrs. J. K. Spencer is very sick.

M. Adams is improving nicely since his very severe spell of sickness.

Julia Gasser has quit inquiring for her gene for she has found them.

Loch Moore has resigned his commission at Jas. Adams since Frank Evans has been elected clerk.

Quite a number of persons from this place attended the celebration at Louisa.

Boile Hinkle was calling here Sunday.

We are expecting a wedding here soon.

Dr. L. R. Dean and others of the boys are still seen giving shibboleths occasionally.

One of our young ladies was very much offended because I did not visit her last week so you see I have missed her.

The Pendland Bros. are closing up their shingle work and are going into the photography business.

G. B. Stewart, representing P. H. Naves, of Charleston, W. Va., was calling on Jas. Adams recently.

Willie Hayes and family, of Glasgow, were visiting Andy Hayes recently.

We are glad indeed to hear that Uncle Tom is still alive. Dock Thompson says Uncle Tom has been in M. H. Thompson's tobacco barn and that is why he made his Sunday trips to keep him posted so that 2 Chums could not find him. Wonder where 2 Chums are.

"There is an item floating around in the papers which gives a few personal facts about Lieut. Hobson. It is worth reprinting, and is given herewith:

He was rejected by the only woman he ever loved, who married a brother officer.

He was the youngest man but one of his class at Annapolis.

He was loved by his whole class.

They called him "The Tin Saint" and "Person Hobson."

He graduated at the head of his class.

He neither smokes nor drinks.

He is devoutly religious.

He prayed on the deck of the Merrimac.

He is full of stinging ideas.

The Republicans of Lawrence county will meet in mass convention at Louisa, Ky., July 16, 1898, at 1 o'clock p. m. for the purpose of selecting delegates to represent Lawrence county at the District Convention, to be held at Greenup, Ky., July 19, 1898, to nominate a candidate for Congress to be voted for at the November election.
The basis of representation is one delegate for every one hundred votes cast. For McKinley and Hobart Electors in 1896, and one delegate for each fraction over 50 votes cast. Upon this basis Lawrence county is entitled to 30 delegates.
Col. W. C. P. Breckinridge did not come to Louisa on the Fourth. He wrote to M. S. Burns saying that his son Dewey would leave for Cuba on the 4th, and he was sure that the good people of Lawrence county would forgive him for not coming as he desired to remain with him on to the last moment. Of course we were greatly disappointed because the colonel could not be with us, but under such circumstances as stated in his letter we gladly forgive him, hoping that he may be with us at some future time.

The following is from the Cincinnati Log Cabin:
"The marriage of Prof. J. R. Johnson, of Lexington, and Miss Nancy Smith, of this city, was solemnized in a beautiful ceremony at the Methodist church in this city last Wednesday morning at a quarter of eight o'clock. Rev. E. L. Seath officiating.
The groom's brother, Senator John Johnson, of Louisa, Ky., was the best man and Miss Alice Smith, sister of the bride, was maid of honor. The bridesmaids were Miss I. T. Martin, of this city, Miss Cordy, of Louisa, and Miss Lattie Warner, of LaFollette, Tenn. The groomsmen were Messrs. Sam Freese and Richard Stall, of Lexington. The others were Messrs. M. W. Boyd and Ed McDowell, of this city, and Messrs. Harrison Simrall and Samuel Hullock, of Lexington. After the ceremony Mr. and Mrs. Johnson left for the home of the groom at Louisa, Ky., where they will remain until the opening of the State College at which time they will go to Lexington to reside.
The bride was a beautiful white Pariah mulla gown and veil and carried white carnations. The bridesmaids wore gowns of pink flowered organdie and leghorn and carried roses. For the wedding march the choir sang the bridal chorus from Lohengrin.
The bride, who is the eldest daughter of Prof. S. F. Smith, of this city, is highly esteemed for her many beautiful traits of character as well as for accomplishments and refinements. Prof. Johnson is a member of the State College faculty and both bride and groom have many friends in this section who wish that their future may be bright with prosperity and happiness."

LOUISA
Again Celebrates The Glorious Fourth.
The day dawned clear and bright. The sky was cloudless. The sun was warm. Old Sol climbed to the summit of his fortifications very early in the morning, threatening to bombard every man, woman and child who did not immediately retreat to the shade. But Americans are patriotic, and are becoming accustomed to shot and shell. Many of the Louisa visitors had begun their march long before the old sun-god had leveled his guns upon them. By seven o'clock they were coming over the hill in great crowds.
Every man seemed to be conscious of the fact that he was living in the midst of a great history-making epoch. Many of them had gone through the dark days of '63, and for the first time in over a quarter of a century were called upon to celebrate Independence Day while their country was in the midst of war. Many of them had sons on Cuban soil fighting for the grandest land the sun shines on, and the thought of these sons far away naturally stirred their souls with songs of patriotism. It was an unusual Fourth, because we were celebrating the birth of a country existing under unusual conditions.
Every one seemed to be in perfect accord with the spirit of the occasion. People knew where to come to have a good time, and they came with the determination of having it. While they were disappointed because Col. Breckinridge could not be here to thrill them with his eloquence, they did not intend that circumstances keeping him away should in the least mar the good time they had come to enjoy. Although they did not have the pleasure of hearing the silver-tongued orator, a bulletin came in the morning telling of the destruction of Cervera's fleet. Was not that an eloquent speech in itself? Was not that enough to make them celebrate the day in a truly patriotic spirit.
The band played a number of the old national airs. Nothing delights people more than good music on such an occasion, and they thoroughly appreciated it. There were drills, a ball game and many other attractions.
But it would not have seemed like the Fourth of July without a speech. Major D. J. Burchett was asked to speak. Although he had only a brief notice that he was to be the orator of the day, the Major made one of his characteristic speeches, often receiving the hearty applause of his auditors. His speech was short, but to the point. The general verdict is that he acquitted himself very creditably indeed.
Everything considered it was a glad day, and passed off pleasantly. We had many things to make us glad, and we are not an ungrateful people. It was a day of patriotism, and the memorable events crowded into it will ever serve to unite us more closely as a people and strengthen our fidelity to our common country.

RANSOM MARCUM
Kills Hiram and Job Fitzpatrick in Knott County.
The following is from Friday's edition of the Louisville Times:
"News has reached here that Hiram and Job Fitzpatrick were killed Tuesday on Quicksand Creek, Knott county, by Ransom Marcum. Marcum is engaged in timbering in the vicinity, and on the day of the killing became involved in a quarrel with the victims, who are brothers. The quarrel arose over some contracts for work.
The Fitzpatricks attempted to shoot Marcum, but he drew his revolver first, killing them instantly. Marcum fled and has not been arrested. The victims were sons of Mayor Fitzpatrick, of Hindman, Knott county. They had many friends, and further trouble is apprehended if Marcum does not leave the county."
Mr. Marcum was formerly a citizen of Louisa.

SERIOUS RUNAWAY.
On last Tuesday evening while Mrs. Wm. Falkerson and her son Willie were driving a young horse down the Elliott Arnett hill, the animal became frightened and ran for a considerable distance. Before running far the buggy was overturned and both occupants thrown out. The vehicle passed over Willie, breaking one rib and injuring another. The injuries of Mrs. Falkerson were not so severe. Willie has suffered intensely from injuries received in the accident, but was some better at the hour of going to press.

ICE CREAM FESTIVAL.
There will be an ice cream festival at the residence of James A. Frazier on Saturday evening, July 9, 1898, for the benefit of the Cassville M. E. Church, South. Everybody invited. Arrangements will be made for ferrying persons from Louisa wishing to attend.

OUR NEIGHBORS.
Judge David E. Johnson, of Bluefield, was recently nominated by acclamation for Congress in the Third Congressional District of West Virginia.
A dispatch from Prestonsburg says: Capt A. H. Stewart left Friday morning with 70 volunteers for the army, with John Justice as First Lieutenant. Fifty of them were from Pike county, 20 from here and he will get 20 at Peach Orchard.
In Pike County Internal Revenue Agent J. W. Gidyczar and Deputy Marshal Powers cut up a 70-gallon still on the headwaters of Shelt Creek. The still was located on the mountain above the residence of the Rev. Alex Mullens, and with in 400 yards of the house.
The general school fund to be distributed among the several counties of West Virginia this year amounts to \$399,041.25, the largest in the history of the State, with one exception. Logan county's share will be about \$3,000.—Logan Banner.
Sunday afternoon Henry Roe, Arthur Shane, Geo. Nepper and Frank Spence, of Garrison, this county, rowed across the river from that place to go in swimming. About two o'clock Spence, who was a lad of 18 years, in wading on a reef, got beyond his depth, struggled and sank from sight before assistance could reach him. His body was recovered about 3 Monday afternoon and buried in the family graveyard at Garrison Tuesday morning. After young Spence was drowned his clothing, which he had left in the skiff, was robbed of between \$2 and \$3. It is not known at present who committed the dastardly theft, but the matter is being investigated and no doubt the guilty party will be punished to the full extent of the law.—Vanceburg Sun.

SANTIAGO DE CUBA.
June 28, 1898.
Mr. News:—Since we have time and opportunity, we will let the people of Big Sandy know where we are and what we are doing.
We have made our arrival at Santiago all right, in good health and have better hopes of gaining a victory for the flag that waves over our country.
We bombarded two places yesterday and climbed to the heights of the fort and planted the American flag, and that without loss of American blood.
The places taken are from 15 to 20 miles from Santiago city. We will make an attack on the latter soon.
All the boys from Big Sandy are true to the cause in which they enlisted and will honor the State from which they came. Some of them have been left at Port Tampa. These here are as follows:
Elwood Hatchinson.
Harlem Chapman.
Mat Haines.
Peter Smith.
Nick McGuire.
Tilden Skaggs.
John Chapman.
John Baker.
Nick Arnett.
Charley Davis.
T. T. Vaughan.

The hills here do not resemble our hills very much. They do not have the foliage to give them a natural look. Most of the hills look barren and dry. There are all kinds of tropical fruits here.
Most of the farms have been laid waste by the Spanish marauders which tends to make the country look more desolate.
In the opinion of many we will have to stay here only a short time and then go on to Havana.
There were 36 vessels in the transport but we cannot obtain all the names. We were accompanied by a fleet of 16 gun boats, which led us in safety to the port we now occupy.
While we are under the direct rays of tropical sun, it is only a few degrees hotter here than in Kentucky.
We have many disadvantages to encounter here, as the Spanish have destroyed everything in their reach.
The water here is not good by any means, and being the hottest part of the year it makes it hard on people from a more northern country and need to good water. After we have taken Santiago we will write our friends again. Well, we had forgotten to tell you that all of our boys have taken up the appearance of Robinson Crusoe.
C. T. Vaughan, Elwood Hatchinson, Harlem Chapman, John Chapman.

DEAFNESS CANNOT BE CURED
There is only one way to cure deafness and that is by constitutional remedies. When this late gets inflamed you can have a running sound or imperfect hearing and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this restored to its normal condition hearing will be destroyed for ever and no cure can be effected by medicine.
We will give One Hundred Dollars for a case of deafness that cannot be cured by any other means. Send for circular, FREE.

Chickamauga Park, July 4, 1898.
To my old Kentucky home I will try to write something about the time we are having.
There is not a man in the Park that likes the place, but no one wants to go home.
There is a big stir here now, we have been ordered to Santiago and I never saw better pleased men, they all seem anxious to go to the front.
Nothing can be heard here but guns.
Some of the boys went to Chattanooga yesterday. There were 30 out of our company that went and it was all the Captain could do to get all of them back. They got drunk and fought all over the place.
I am sorry to say we have two deserters in our camp. One of the men left Wednesday night from Chattanooga, and Thomas Grady left Sunday. The boys are paying well for their drink. The guard house is full.
I do not think we will have to stay here long.
A man died here last night with drunken fits.
I am afraid we new recruits will not get to go to Cuba. 10 of our boys got in the same company.

While Lord Salisbury's remarks at the Union Club apparently emphasize the neutrality of Great Britain in the struggle between the United States and Spain, when he says, "We know that the United States is animated by elevated philanthropy," he practically serves notice upon the world that though Great Britain will observe neutrality she really sympathizes with the American cause. It is evident too that the British prime minister credits the sincerity of the declaration upon which the United States assumed the aggressive.

THE DANGER

to which the Expectant Mother is exposed and the foreboding and dread with which she looks forward to the hour of woman's severest trial is appreciated by but few. All effort should be made to smooth these rugged places in life's pathway for her, ere she presses to her bosom her babe.

MOTHER'S FRIEND

allays Nervousness, and so assists Nature that the change goes forward in an easy manner, without such violent protest in the way of Nausea, Headache, Etc. Gloomy forebodings yield to cheerful and hopeful anticipations—the passes through the ordeal quickly and without pain—is left strong and vigorous and enabled to joyously perform the high and holy duties now devolved upon her. Safety to life of both is assured by the use of "Mother's Friend," and the time of recovery shortened.

"I know one lady, the mother of three children, who suffered greatly in the birth of each, who obtained a bottle of 'Mother's Friend' of me before her fourth confinement, and was relieved quickly and easily. All agree that her labor was shorter and less painful."
